The Department of Campus Safety is the primary department at The College of Idaho charged with creating a safe and secure environment. This task, however, is not one we can accomplish alone. Crime prevention, risk identification, and problem solving are the responsibilities of everyone. We ask you to join us in these efforts.

Our efforts to maintain a safe and secure environment rely on our ability to develop collaborative relationships with the college community. We believe that through partnering and problem solving, we can make The College of Idaho one of the safest in the nation. We are committed to the philosophy of community policing and problem solving, and encourage involvement in our community.

## The Campus Security Act -- Legal requirements

### **Why a Campus Security Report?**

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, codified at 20 USC 1092 (f) as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private institutions of postsecondary education participating in federal student aid programs are subject to it. Violators can be "fined" up to \$27,500 by the U.S. Department of Education, the agency charged with enforcement of the Act and where complaints of alleged violations should be made, or face other enforcement action.

The Clery Act, originally enacted by the Congress and signed into law by President George Bush in 1990 as the Crime Awareness and Campus Security Act of 1990, was championed by Howard & Connie Clery after their daughter Jeanne was murdered at Lehigh University in 1986. They also founded the non-profit Security On Campus, Inc. in 1987. Amendments to the Act in 1998 renamed it in memory of Jeanne Clery.

#### Annual Report-

Schools have to publish an annual report every year by October 1st that contains 3 years worth of campus crime statistics and certain security policy statements including sexual assault policies which assure basic victims' rights, the law enforcement authority of campus police and where students should go to report crimes. The report is to be made available automatically to all current students and employees while prospective students and employees are to be notified of its existence and afforded an opportunity to request a copy. Schools can comply using the Internet so long as the required recipients are notified and provided the exact Internet address where the report can be found and paper copies are available upon request. A copy of the statistics must also be provided to the U.S. Department of Education.

#### Crime Statistics-

Each school must disclose crime statistics for the campus, unobstructed public areas immediately adjacent to or running through the campus, and certain non-campus facilities including Greek housing and remote classrooms. The statistics must be gathered from campus police or security, local law enforcement, and other school officials who have "significant responsibility for student and campus activities" such as student judicial affairs directors. Professional mental health and religious counselors are exempt from reporting obligations, but may refer patients to a confidential reporting system which the school has to indicate whether or not it has.

Crimes are reported in the following 7 major categories, with several sub-categories: 1.) Criminal Homicide broken down by a.) Murder and Nonnegligent Manslaughter and b.) Negligent manslaughter; 2.) Sex Offenses broken down by a.) Forcible Sex Offenses (includes rape) and b.) Nonforcible Sex Offenses; 3.) Robbery; 4.) Aggravated Assault; 5.) Burglary; 6.) Motor Vehicle Theft; and 7.) Arson. Schools are also required to report the following three types of incidents if they result in either an arrest or disciplinary referral: 1.) Liquor Law Violations; 2.) Drug Law Violations; and 3.) Illegal Weapons Possession. If both an arrest and referral are made only the arrest is counted.

The statistics are also broken down geographically into "on campus," "residential facilities for students on campus," noncampus buildings, or "on public property" such as streets and sidewalks. Schools can use a map to denote these areas. The report must also indicate if any of the reported incidents, or any other crime involving bodily injury, was a "hate crime."

#### Access To Timely Information-

Schools are also required to provide "timely warnings" and a separate more extensive public crime log. It is these requirements which are most likely to affect the day to day lives of students. The timely warning requirement is somewhat subjective and is only triggered when the school considers a crime to

## The College of Idaho

pose an ongoing "threat to students and employees" while the log records all incidents reported to the campus police or security department.

Timely warnings cover a broader source of reports (campus police or security, other campus officials, and off-campus law enforcement) than the crime log but are limited to those crime categories required in the annual report. The crime log includes only incidents reported to the campus police or security department, but covers all crimes not just those required in the annual report, meaning crimes like theft are included in the log. State crime definitions may be used.

Schools that maintain a police or security department are required to disclose in the public crime log "any crime that occurred on campus...or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department." The log is required to include the "nature, date, time, and general location of each crime" as well as its disposition if known. Incidents are to be included within two business days but certain limited information may be withheld to protect victim confidentiality, ensure the integrity of ongoing investigations, or to keep a suspect from fleeing. Only the most limited information necessary may be withheld and even then it must be released "once the adverse effect...is no longer likely to occur."

The log must be publicly available during normal business hours. This means that in addition to students and employees the general public such as parents or members of the local press may access it. Logs remain open for 60 days and subsequently must be available within 2 business days of a request.

## *Our Mission*

The mission of The College of Idaho Campus Safety Department is *to serve* the campus community with *respect, fairness, and compassion*. To be *committed to protection* of life and property and preservation of peace, order, and safety by upholding campus policies and local, state, and federal law. We are committed to *providing a safe environment* for our students, faculty, staff, and visitors.

## *Office Information*

The Office of Campus Safety reports to the Vice President of Student Affairs and Dean of Students of The College of Idaho. Campus Safety works closely with all departments of the college to ensure that safety policy and procedures are uniformly executed and conveyed in a clear and consistent manner to all the college's students, faculty, and staff.

Our office is located at Hendren Hall on The College of Idaho campus at 2112 Cleveland Blvd. Its open 24 hours a day, 365 days a year. Uniformed Campus Safety officers, an assistant director, and a director provide around-the-clock patrol and services to the campus community. Campus Safety officers are unarmed private security officers. They have the same arrest powers as a private citizen as provided by Idaho law.

Campus Safety officers are responsible for a full range of safety services to the community, including all crime report investigations, medical emergencies, fire emergencies, traffic accidents, and enforcement of all college policies including those relating to alcohol use, drug use, and weapons possession.

Campus Safety officers submit reports on all incidents on campus that are reported to the department. Reports that are criminal in nature may be referred to the Caldwell Police Department at the request of the reporting party, and automatically become part of its record-keeping process. Serial numbers of vehicles and other items stolen from campus are reported through the local police authorities to the National Crime Information Center (NCIC).

## *Contact Us*

To report crimes or emergencies, members of the college community should call 459-5151, if off campus, or x5151 from any campus extension. For life-threatening emergencies, call 911 from any campus extension or press the red button on any courtesy phone located throughout the campus. Be prepared to advise the dispatcher where the emergency is located. If time permits call x5151 so that Campus Safety officers can respond.

### Alcohol

#### *General Alcohol Policies and Expectations*

As an academic community, The College of Idaho is concerned about how alcohol can potentially interfere with the educational development of our students, interrupt their academic programs, injure their health, adversely affect others in our community, or irreparably prevent them from entering into a successful career. The College of Idaho expects students, faculty and staff to know and respect all campus alcohol policies and statutes of the state of Idaho that govern the possession and use of alcoholic beverages. Campus alcohol policies include, but are not limited to, those described here in the Student Handbook.

**Individuals** must be at least 21 years of age to consume, possess, furnish or serve alcoholic beverages.

**Alcohol** is permitted only in residence hall rooms where both students are legal-aged. Consumption of alcohol must take place with the door closed. All persons in a room must be 21 in order for open and/or visible containers of alcohol to be present. Alcohol must be stored out of sight and in a sealed container if guests in a room of a legal-aged student are under 21.

**Open** containers of alcohol are prohibited in all public areas and on campus grounds unless authorized by the Dean of Students or his/her designee in accordance with the Registered Campus Event process. (See Registered Event Where Alcohol is Served, under the Student Involvement section of the Student Handbook.)

**Common** source alcohol containers (i.e., kegs, beer balls, trash cans of punch, etc.) are prohibited. Bulk container violations are considered a serious violation and may result in disciplinary action unless approved through the Registered Campus Event process.

**Any** member of The College of Idaho community who is not of legal drinking may not possess alcohol-related paraphernalia (e.g. beer bong, funnel, empty bottles, etc.).

**Possession**, use, manufacture, or sale of a false identification card for the purpose of dispensing or purchasing alcohol is prohibited and against the law.

**Intoxication** is not an acceptable justification for irresponsible or inappropriate behavior.

# The College of Idaho

Those of legal age who consume alcoholic beverages are expected to do so in moderation and in a manner that ensures other community members' rights to privacy, work, sleep and study. Loud or disruptive behavior, interference with cleanliness or drinking habits that are disruptive or injurious to the health or education of individuals will not be tolerated and will result in disciplinary action. Violations may result in the student's suspension from the residence halls or from the college.

In accordance with the Higher Education Act of 1998, the college reserves the right to contact the parent(s) or guardian(s) of students under the age of 21 involved in violation of college alcohol policies. Parent(s) or guardian(s) of students over the age of 21 may be contacted if the student's alcohol use becomes a health/safety concern.

Information and services (e.g. assessment, referral and counseling) are available through the Residence Life office, Wellness Center (counselors and nurse) and Campus Safety office.

## *Campus/Student Events*

In addition to the General Alcohol Policies and Expectations above, these policies and expectations apply to all college functions that involve students. If an event will not include students, organizers are still expected to reference and utilize policies and expectations as general guidelines.

An official college function is defined as any on or off campus event that is led by college employees or students, advertised on campus, and held under the auspices of registered campus organizations.

**Individuals/groups** who host social events where alcohol is served are responsible for ensuring all applicable policies and laws are enforced. Social hosts may also be held responsible for the conduct of their guests and for any damage (direct or indirect) that may occur as a result of the event.

**Alcohol** may only be served at official college functions by the college's food service provider.

**Student** events with alcohol may only serve beer and wine and must have non-alcoholic options available.

**Advertising** the presence of alcohol, via email, web sites, posters, etc., at an on or off campus event is only allowed for officially recognized college events with approval of the Dean of Students or designee.

**Student** fee funds may not be used to purchase alcohol.

**There** is a 3 drink maximum per student.

# The College of Idaho

## *Religious Events*

The College of Idaho is widely supportive of various religious traditions and the participation of our students in religious celebrations. There is, however, the potential that an appropriate religious celebration will include the use of alcohol. In these cases, the college must affirm its commitment to religious freedom while at the same time meeting its obligations to the law and to the safety of our students. Therefore, when a proposed religious event necessitates the inclusion of alcohol, the college will consult with the officiating clergy to determine the minimum amount of alcohol required for the appropriate celebration. Only that amount of alcohol will be permitted. Responsible ritual use of alcohol is to be communicated and reasonable precautions taken to ensure adherence; intoxication is never the intent. Alternatives need to be provided alongside the alcoholic beverages for minors and others who desire not to partake of alcohol. This policy applies to events both on campus and off campus when they are led by College employees, advertised on campus, and held under the auspices of registered campus organizations.

## *Study Abroad Trips*

Study abroad opportunities are an enriching component of a College of Idaho education, and our faculty-led trips are a great way for students to learn about, and personally experience, a different culture. As cultural norms and laws concerning alcohol differ from country to country, the college believes that faculty and students who participate in a study abroad trip should adhere to the widely accepted norms and laws of the host country. Although faculty should not feel obligated to enforce the laws of Idaho and the United States when in another country, it is advisable that faculty remain cognizant of our societal norms and that they do not purchase or make alcohol available to underage students.

## *College Employees*

No employee of The College of Idaho may host an event for our students, on or off campus that permits, encourages, or creates the conditions for alcohol abuse or consumption by students under the lawful drinking age. College employees are expected to be familiar with and strictly adhere to these alcohol policies. This document outlines The College of Idaho's expectations for college-related alcohol events, but ultimately it is the responsibility of every faculty and staff member to take reasonable precautions to avoid putting students, other employees, guests of the college, themselves, and/or the college at risk. A violation of the alcohol policies for the failure to exercise reasonable care regarding college employees' responsibilities under this policy may lead to reprimand, termination from employment, or other legal action.

## *Other College Social Functions*

## The College of Idaho

From time to time, alcoholic beverages may be served at College social functions, which may be defined as "closed events" or "invitational events" at which the majority of guests are expected to be age 21 or over. Examples include faculty socials, Board of Trustee events, alumni and other events. Although the guidelines set forth above for student events should be referenced and followed to the extent practical and reasonable, the event does not require registration as a Campus Event. However, the organizer or host has the responsibility to see that all legal requirements are observed and that the College guidelines, as stated above, are considered, and that all guests act responsibly. Further, events where alcoholic beverages are provided on campus may justify the services of an independent caterer who should be requested to furnish its own liability insurance and provide the CFO/VP for Student Affairs and Dean of Students with written proof of insurance coverage in advance of the event.

## How do we compile these statistics?

The Department of Campus Safety collects the crime statistics disclosed in the charts through a number of methods. Campus Safety officers enter all reports of crime incidents made directly to the department through the Professional Incident Reporting Software System called Report Exec. After an officer enters the report in Report Exec, a department administrator reviews the report to ensure it is appropriately classified in the correct crime category. The department periodically examines the data to ensure that all reported crimes are recorded in accordance with the crime definitions outlined in the *FBI Uniform Crime Reporting Handbook* and the *FBI National Incident-Based Reporting System Handbook* (sex offenses only)

## Report Conclusion

The Office of Campus Safety is committed to working with the college community to resolve all criminal matters in a timely fashion. All members of the Campus Safety department know that for this to happen they must cooperate and work hand-in-hand with faculty, staff, and students. By working together, we can create a safe and secure environment.
