

PASSPORT TO PEAK MAJORS

WELCOME

Welcome to your Passport to PEAK! This book is designed for you by your academic advising team to help you visualize your path through the College of Idaho, and to help familiarize you with our innovative PEAK curriculum. While preparing these PEAK maps, we focused on general success paths that a student can reasonably complete. We want to stress that these maps are not the only route, you will have many detours and individual summits to achieve; Please use these to explore the many possibilities within PEAK.

These documents were prepared by your First Year Advisors, and our team is so excited to begin working closely with you as you navigate the curriculum. Our job is to be your initial academic guide, while ensuring that you are comfortable and prepared for your academic journey. Please never hesitate to reach out to us with any question, as we are excitedly anticipating working with you this year.

Occupied on this page you will find a brief outline of your advising timeline. This is the recommended meeting schedule for you and your advisor, and will ensure that you are checking in regularly to foster appropriate progression. If you are undecided please know that this is common and is also included on our Index. We look forward to meeting you and encourage you to reach out at any point.

Best Wishes,

PEAK is designed to provide flexibility for students who are still exploring their academic paths. It allows students to complete their academic program while dedicating roughly 1/3 of their time to exploring other interest. In this spirit, undecided students have the best opportunity to explore different areas until they find their academic passion. PEAK is about students gaining breadth and depth across the curriculum, and purposefully provides many opportunities for students to change their academic pursuits as they are developing into young professionals. The PEAK Circles below indicate that students will still need to cover all four Peaks, but as an undecided student you will begin with your First Year Cohort courses and then branch into exploration in your peaks of interest. Being undecided at The College of Idaho provides that chance to develop academic interests across the curriculum while still graduating in four years, provided you work with your academic advisor to develop a cohesive PEAK Map.
