

## **Assistant/Associate Professor or Lecturer, Mathematics and Computer Science**

The College of Idaho invites applications for two positions in Mathematics, Statistics, Data Science, or Computer Science to start in fall semester 2024 at the rank of Assistant or Associate Professor (tenure track) or Lecturer (long-term, non-tenure track). We seek candidates who share the College's commitment to creating an equitable and inclusive academic community through their teaching, mentoring, scholarly activity, or service.

The successful candidate will have a strong commitment to excellence in teaching undergraduate courses in a liberal arts context. The position will contribute to the Mathematics and Physical Sciences (MAPS) department and teach undergraduate courses in computer science, statistics, or mathematics as is appropriate to the candidate's training and interests. The successful candidate will oversee courses and curriculum in the MAPS department and advise Mathematics and Mathematics-Computer Science majors. Tenure-track hires will have the additional expectation of collaborating with students on research or independent projects. The normal teaching load is three courses in the fall and spring semesters and an additional, immersive course during a 3-week term in January.

### **Qualifications**

A graduate degree in Mathematics, Statistics, Computer Science, or a closely related field is required. The rank of appointment is based on the candidate's qualifications. A completed terminal degree by the expected hire date is required for a tenure-track appointment.

### **Application instructions**

Review of candidates will begin immediately and continue until the position is filled. Submit complete applications by November 1, 2023 to ensure full consideration.

Applications should include:

- A letter of interest
- Curriculum Vitae
- Teaching philosophy in the context of a liberal arts education
- A separate statement describing how your commitment to diversity and inclusion are demonstrated in your teaching, scholarship, and/or service
- Graduate and undergraduate transcripts (unofficial transcripts are accepted)
- At least three letters of recommendation

Please submit application materials to [HR@collegeofidaho.edu](mailto:HR@collegeofidaho.edu) with subject: Math-CS Search. Additional information may be requested after initial review of applications.

### **The College**

With over 132 years of history, the College of Idaho is an inclusive community of exceptional learning that challenges the ambitious and forges pathways to success and purpose. The College strives to improve

access to higher education for underrepresented individuals and groups. Its efforts have been [recognized](#) with high rankings for social mobility by the Wall Street Journal and U.S. News & World Report. Almost 20% of the students are international students with over 90 countries represented and a third of the students identifying as first-generation students.

The College of Idaho is proud to be an equal opportunity employer. We are committed to attracting, retaining, and maximizing the performance of a diverse and inclusive workforce. The College does not discriminate on the basis of sex, race, color, age, religion, disability, national and ethnic origin, veteran status, sexual orientation, gender identity, or any other basis protected by law. The College offers competitive benefits including tuition waiver for dependents, health insurance, retirement plan with employer match after one year of employment, free access to on-campus fitness centers, and free admission to campus events. Spouses, domestic partners, and dependents are eligible for benefits coverage.

### **Community**

The College of Idaho is located in Caldwell, a rural community with a vibrant downtown that is on the western edge of the Boise metropolitan area, providing opportunities for both small-town and city living. The diverse landscape of the area consists of river valleys, high desert, and mountains, which support a wide range of recreational activities. Boise and the surrounding area also provide opportunities to enjoy a rich and wide array of cultural experiences and artistic venues.
