### **Curricular Practical Training (CPT):**

According to federal regulations (8 CFR, 214.2(f)): CPT is a type of off-campus employment authorization which permits international students in F-1 status to fulfill their degree program requirement. It is important to understand that CPT can only be used for "an integral part of an established curriculum." (214.2)

- The College of Idaho defines "integral" as bearing credit. In order for an internship to qualify, it must be deemed academic and receive sponsorship from an academic department. Once you have secured an internship, and academic sponsorship you can file for CPT.
- Part-Time CPT is defined as being less than 20 hours of work per week. Full time CPT is defined as 20 or more hours.

#### **Eligibility:**

- Student must have been a full-time student for at least a year
- Student needs to maintain full time academic status during CPT
- Student must be receiving academic credit for the internship
- Internship must be affiliated with student's declared major or a requirement of their minor that is necessary for degree completion
