

Articulation Agreement: The College of Idaho and North Idaho College

The C of I enrolls a significant number of students who begin their academic pursuits at NIC. A student transferring to C of I with an Associate of Arts or Associate of Sciences degree from NIC will receive the following:

1. Junior standing
2. Transfer credit of up to 70 credits
3. Credit for completing much of the PEAK program

The PEAK curriculum at C of I requires students to complete at least one major and three minors. NIC transfers, however, who have completed the AA or AS degree will only be required to complete one major and one minor.

Students interested pursuing majors in business, the sciences or social sciences should take Precalculus, Calculus or Statistics as part of their NIC program.

Prospective business majors would be wise to take Micro and Macro Economics to streamline the completion of their baccalaureate degree.

The C of I will also accept NIC transfer students who have not completed their AA or AS degrees. The precise nature of their academic standing will be handled on an individual basis according to the following guidelines:

Students who have earned 28-59 credits will be granted Sophomore standing, and will be required to complete a major and two PEAK minors.

Students who have earned fewer than 28 credits will be expected to complete the full PEAK curriculum.

This agreement will be reviewed on an annual basis.
