

Scholarship Gala

ALEXANDER SPROULE-FENDEL '19

"The College offers such a diverse and unique academic program and it is unlike anything I've ever seen or heard of. PEAK was initially my main interest in the College, but once I stepped onto the beautiful spring campus and was greeted by the amazing people in Hendren Hall, it was all about the students and staff. After taking my tour, I realized this was a college where I could travel and learn about various subjects around the world and I fell deeper in love with my soon-to-be campus home. There wasn't just one immense reason why I chose to be a Yote, but there were countless reasons."

"I'm grateful for my mind-opening international experiences abroad as well as my conversations with many of the College's student body who hail from across the sea in all directions. I'm thankful to all of my friends and mentors across my four years who have encouraged me, supported me and aided me in achieving my goals. I'm appreciative to the administration, in various departments, for taking my meetings and listening to a young student describe their dreams for the campus, organizations, programs and everything else I continue to advocate for. I'm indebted to my professors for helping me realize my thoughts and following through on my assignments. Overall, I've loved my College experience as a Yote and I'll miss these days once I graduate, but I know I'm ready for it and that's entirely the College's doing."

▲ **Majors:** Theater and Political Economy

Minors: Pre-Law and Environmental Science

▲ **Hometown:** Hayward, California
