### **Visiting Assistant Professor, Earth Systems Scientist**

The College of Idaho invites applications to fill a full-time Visiting Assistant Professor position for the 2020-2021 academic year. This is a 9-month contract which includes teaching 21 credits over two semesters and a 3-week January term.

The Department seeks a broadly educated Earth System scientist who will contribute to an interdisciplinary program in Environmental Studies. The individual will teach lower-division courses (including laboratory) in Physical Geology and Environmental Science, an introductory interdisciplinary course in Environmental Studies, an upper-division non-laboratory course in the area of Earth System science, and an introductory GIS laboratory.

Excellent teaching and mentoring of students are the highest priorities of the College. The successful candidate will be an active scholar with a commitment to working closely with undergraduate students in a liberal arts college setting.

#### Qualifications:

- College teaching experience in relevant coursework
- Doctoral degree completed by the beginning of Fall 2020 term in Earth System science, geology, climatology, or related discipline
- Broad background in environmental science
- Commitment to undergraduate liberal arts education

**Rolling review of candidates will begin February 7, 2020 and continue until the position is filled.** Please submit a single PDF containing: cover letter, CV, statement of teaching philosophy, and transcripts. Submit materials via email to [HR@collegeofidaho.edu](mailto:HR@collegeofidaho.edu) with subject **Earth Systems Scientist Search**. Have 3 confidential letters of recommendation sent directly to the same address.

Candidates must be authorized to work in the United States as of the expected hire date and throughout the date of the contract without sponsorship from the College.

With over 125 years of history, The College of Idaho is a regional and national leader in higher education.
