

J. R. SIMPLOT COMPANY SCHOLARSHIP PROGRAM

The J. R. Simplot Company annually provides 40 scholarships, each valued at \$1,000, to the children of Company employees.

Six scholarships each are designated for students attending the University of Idaho, Idaho State University, and Boise State University; two for the College of Southern Idaho, and 20 for At-Large students (those attending any other college or university).

Following are guidelines provided to those who wish to apply for these scholarships:

- The applicant's mother, father, or legal guardian must be an employee of the J. R. Simplot Company or one of its subsidiaries at the time the application is made.
- To receive the scholarship funds, recipients must be enrolled as full-time students at the college of their choice.
- Applications must be received no later than April 1st. Application forms are available at the Student Financial Aid Offices of the four Idaho state universities or colleges, at Simplot Human Resources offices, and the Simplot Corporate office. Forms are also available on the Company Intranet site under the Corporate icon.
- Each submitted application must be complete and accompanied by an official high school or college transcript.
- Students applying for scholarships at one of the four Idaho universities or colleges must attend the school they designate on their application form. If they elect to attend a different school, they will forfeit any scholarship award. The scholarship would then go to the first alternate of the pre-designated university or college. This does not apply to At-Large students.
- **IMPORTANT:** Students cannot apply for scholarships to more than one school. In other words, the same student may not apply to both an At-Large school and one of the Idaho schools. You must choose either one At-Large school or one Idaho school.
- Recipients of scholarships will be notified by mail approximately July 1st. Those not receiving scholarships will also be notified.
- Recipients may re-apply for scholarships each year. The same selection procedure is used for consideration of all applicants. Prior recipients are not considered separately from first-time applicants.
- Graduate students and those attending accredited vocational-technical schools are also eligible for scholarships.
- After all the recipients have been selected and notified, the scholarship monies will be sent to the appropriate university or college in the recipient's name and applied toward tuition fees. If possible, the college address and scholarship coordinator to which the money is sent should be specified on the application form.

To ensure impartial selection, recipients are chosen by scholarship committees at the Idaho universities and colleges. Recipients of At-Large scholarships are chosen by a committee at Boise State University. In every case, a point system is used which ranks applications based on all information provided on the application form.

Company employees are not eligible to apply for scholarships under this program. Other educational assistance is available to them.
